Garden Committee Update

- The school garden area has been transformed this year thanks to so many volunteers! Students have been experimenting with winter sowing, planting seeds, vegetables, and flowers, learning about worm castings (!), planting trees, and engaging with nature.
- Please consider signing up to help water sections of the garden during the summer months. It's the ONLY way a school garden can survive and thrive. An hour commitment for a big reward. Sign up here: <https://www.signupgenius.com/go/60b0e4aaba62ba1fb6-walker#/>
- Ms. Nelson (3rd grade) will be Co-chair of the Committee for next year
- Let's keep momentum moving. Want to figure out how to establish a Garden Club for students for the upcoming academic year. Would love PTA input/ brainpower about this.
